

## Webinar: Grazing for Grassland Birds (Part 2)

May 13 from 10 am – 12 pm

Join us for the second event in our series to learn how (and why!) to implement a grazing program that supports grassland bird conservation. We will cover the ins and outs of a conservation-compatible grazing approach and highlight additional actions that can support wildlife and healthy, economically-sound working lands.

Hear from a rancher with first-hand experience, learn about the habitat needs of the Oregon vesper sparrow from biologists, and how to create or modify your grazing plan. Get answers to your most pressing questions from a panel including the Natural Resources Conservation Service and US Fish & Wildlife Service.

**ECOSTUDIES INSTITUTE**  
conserving birds and their habitats through science, restoration, and outreach

The **Cornell** Lab of Ornithology

Hosted by Ecostudies Institute with funding from the Cornell Lab of Ornithology. Email Elspeth Kim ([ekim@ecoinst.org](mailto:ekim@ecoinst.org)) to RSVP.
